

Overview

Our identity at a glance contains the basic elements in our visual system: our logos, color palette, typography, iconography, and information graphic styles, along with photography style and suggested subject matter and merchandise ideas. Each element is designed to work in harmony with the others, while providing flexibility within a framework. When combined, they clearly convey our active leadership, our persevering spirit, and our compassion. Please use this condensed guide in conjunction with the full guidelines available at www.rotary.org.

- 3 HOW DID YOU TAKE ACTION?**
What did your club do to help solve the problem or challenge and what action verb best represents the action you took? (Together, We Connect? Together, We Transform? Inspire? End Polio?)

HOW TO CREATE POWERFUL IMAGES

Our photography requires Rotarians in action, depicting them in powerful images that capture the public's attention and ignite real emotion. This is what will make our campaign successful. Here's a checklist for how People of Action photos should look and feel:

- The image represents genuine, unstaged moments of Rotarians at work.
- It shows a clear visual narrative that represents the headline.
- Subjects' faces and actions should be positive, happy, and engaging.
- Work with warm and natural lighting. Often, natural light in the early morning and late afternoon achieves the best results.
- Make sure you represent the diversity of your club in age, ethnicity, and gender. Highlight these qualities in your photos. You want people in your community to see themselves in the photo — this will help grab their attention.
- If the project has beneficiaries on site, capture some images of Rotarians interacting with the beneficiaries that represent the work of the project.
- Ask yourself, "Will people in my community connect with what they see in the photo?"
